

*Introducing:  
The Education Coaching Team*

---

The District 2 Education Coaching Team (or D2ECT) is a group of ΑΣΑ sisters who have volunteered to help chapters in District 2 with chapter educational programming and *ΑΣΑ Advantage*. They work with the VP of Membership Education and Membership Advisor in each chapter to help resolve issues, provide training, and keep our women informed of new developments in membership education and chapter operations (including standards, risk management, ritual, and philanthropy.)

The ECT members are dedicated to getting to know each chapter and their unique operational strengths and needs. By maintaining regular contact, they are able to provide your chapter with customized support, including training or coaching in the following areas:

*Membership Education*

- What's the Advantage of *Advantage*?
- You're Already Doing It: How your current programming relates to *Advantage*
- Building Spectacular New Member Programming
- Service Learning
- Facilitating Retreats
- ΑΣΑ Ritual and Values

*Standards & Risk Management*

- Writing Standards Policies
- Training the Standards Board
- Developing a Risk Management Plan
- Presenting Risk Management Workshops
- Finding Fun (and FIPG-Friendly) Social Activities

*General Chapter Operations*

- Running Great Meetings
- Officer Position Training
- Time Management Techniques
- Building a Calendar without Over-Programming
- Carefrontation: Confronting Each Other with Love

An Education team member should already be in contact with your VP of Membership Education and / or Membership Advisor.

If you have not heard from your ECT member (or you have any questions or concerns), please contact Marcia Jacquette, District Facilitator: [marcia@jacquette.com](mailto:marcia@jacquette.com).
